A New Magazine for You

I am bringing out another new magazine that you will come pretty close to liking. I wouldn't be surprised if it hit you harder than anything in the shape of a magazine you have ever seen. There isn't much style to it, but it has the stuff in it that you and everybody else will want to read. It is called

Something New in Magazine Making

THE SCRAP BOOK is the most elastic thing that ever happened in the way of a magazine—elastic enough to carry anything from a tin whistle to a battleship. Everything that appeals to the human brain and human heart comes within its compass—fiction, which is the backbone of periodical circulation; biography, review, philosophy, science, art, poetry, wit, humor, pathos, satire, the weird, the mystical—everything that can be classified and everything that cannot be classified. A paragraph, a little bit, a saying, an editorial, a joke, a maxim, an epigram.

Nothing Like It in the World

There isn't anything in the world just like THE SCRAP BOOK. It is an idea on which we have been working for several years, and for which we have been gathering materials. We have bought hundreds and hundreds of scrap books from all over the country, some of them a century old, and are still buying them. From these books we are gathering and classifying an enormous number of gems, and facts and figures, and historical and personal bits that are of rare value. Furthermore, we have a corps of people ransacking libraries, reading all the current publications, the leading daily papers, cyclopedias, etc., etc.

Don't fail to get a copy of this first issue of THE SCRAP BOOK. It sells at the price at which all our other magazines sell—Ten Cents a Copy and One Dollar by the Year.

Mysterious Death.

The dead body of Miss Lottie Matthews, the 18-year-old daughter of W. Frank Matthews, president of the Lynchburg Grocery Company and a well-known citizen, was found early yesterday morning in Rivermont Park, three miles from Lynchburg, with a wound in the right temple, which had been made by a .32-caliber bullet. The pistol, which was purchased at a local store Tuesday afternoon, was found at her side with all five cartridges fired.

The young lady was discovered by her sister, who, with two friends, were searching for her. Miss Lottie had been missing from her home since late Tuesday afternoon. Her sister and the friends, with her were the first to discover the body. They found it in a deep ravine in a remote part of the park.

On the face of it the case seems to be a suicide, but no evidence has been added yet to show any cause for self-destruction. It was testified that she had said she intended to kill herself.

The young lady was a strikingly handsome girl and was very popular, with a large circle of friends. The discovery of the remains caused a sensation in the city. Some persons suspect foul play and do not believe that so beautiful and popular a girl would take her own life.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation. Early Riser Pills never gripe.

Rojestvensky's Defeat.

"Perhaps I am guilty to some extent for our defeat, and perhaps my subordinates did not do all they might have done, but at all events we fought the battle well not thieves," said Admiral Rojestvensky, who addressed the Imperial Technical Society at St. Petersburg Tuesday evening on the causes of the defeat of the Russians at the battle of the Sea of Japan. The admiral made no specifications regarding responsibility on the construction or equipment of the ships, but he commented at length on the destructive effect of the heavy Japanese shells which, when they only exploded in the water near the Russian vessels, cracked their plates and opened great leaks, while those which hit the Russian ships were as destructive as mines. A young lieutenant during the discussion attempted to lay the blame on submarine boats, but the admiral denied that submarine boats or mines were used during the engagement.

The End of the World.

Of troubles that robbed F. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago kidney trouble caused me great suffering, which I could never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all Stomach, Liver and Kidney Cures. Laid, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by E. S. Leadbeater & Sons' drug store.

Starting But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly six hundred people lost their lives, yet more than five times this number or over 3,000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Every one of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. WILCOX, Logan, New York. Sold by Gibson & Timberman and W. F. Creighton & Co.
